## TELL ME HOW IT WORKS

Signed, sealed delivered! Once your paperwork is finalized for your little slice of paradise, Bohanna Interiors can create a price estimate to carry out your vision.

About 6 weeks before your estimated delivery date, we will begin with the nitty gritty details. Sourcing products, placing custom orders, and planning the layout. At this point we ask for an 80% deposit.

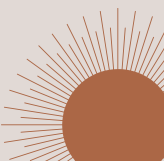

As the project comes to life, we will be working side by side with your property manager to get the property fully functional and ready for guests!

Et voilà! Now that everything is picture perfect and fully stocked (down to the forks & knives) the remaining 20% will be sent.
